

## How to Buy a Domain Name at GoDaddy

Log in to your account at [www.GoDaddy.com](http://www.GoDaddy.com) by entering your UserName/Customer ID and Password and clicking 'Go.' If you have not yet created an account, click on the 'Create Account' text at the top of the page and enter your information.

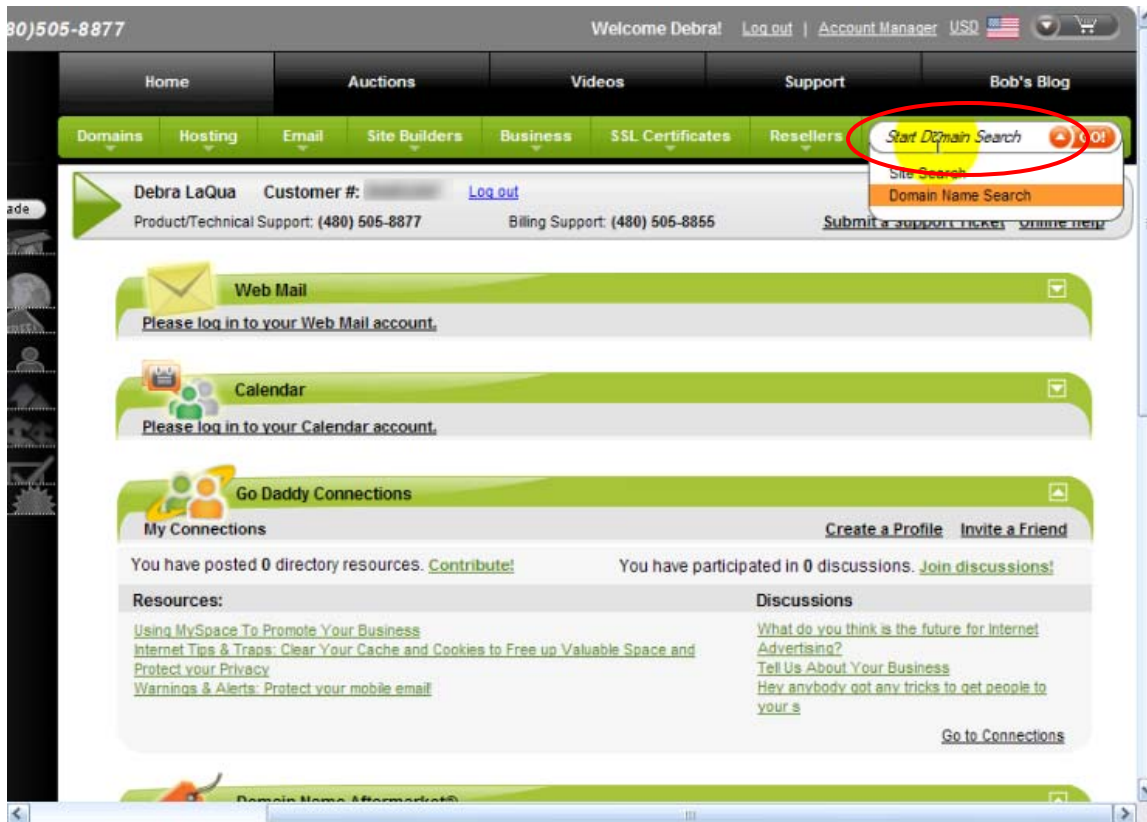

You will be taken to a page that looks something like the one on the next page.

If possible, you want to find a domain name that you can buy that is a .com domain instead of a .net or .info or other extension domain name.

And if you can use your keywords in your domain name, that can help you in your search engine rankings.

Enter the domain name you would like to buy in the 'Start Domain Search' box and click 'Go.'

GoDaddy will return and tell you if your domain name is available. 'DietTips.com' is not available. When this happens, simply type in another domain name and click Go.

GoDaddy will offer you suggestions of other domains related to the one you wanted further down the page. Some are domains you can buy, and others are available.

Let's try another domain name – DietHassles.com –and see if that is available. It is! Hooray! Let's buy it.

The screenshot shows the GoDaddy website interface. At the top, there's a navigation bar with 'Home', 'Auctions', 'Videos', 'Support', and 'Bob's Blog'. Below that, a green banner reads 'Debra, DIETHASSLES.COM is available!'. A table lists domain extensions with their prices and savings:

Extension	Price	Savings
.com*	\$9.99/yr	save \$0.70!
.net*	\$12.99/yr	
.info*	\$0.99	save \$9.70!
.org*	\$14.99/yr	
.me	SALE! \$14.99/yr	save \$5.00!
.mobi*	\$7.99/yr	

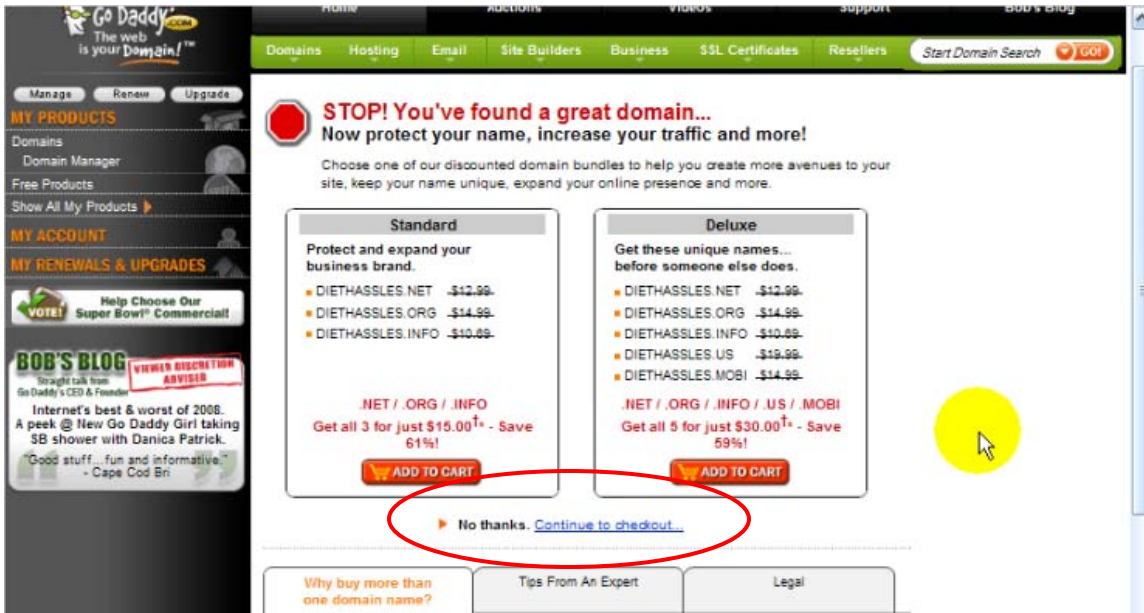

Below the table, there's a 'More Options' section with tabs for 'Also Available', 'Smart Search', 'International Domains', and 'Premium Domain Names'. It lists various domain suggestions like DIETHASSLES.BIZ, DIETHASSLES.US, DIETHASSLES.ASIA, DIETHASSLES.WS, HassleFree.net, DietBaby.com, ColoradoDiet.com, DietingDiet.com, Diet-Tablet.com, DietMedications.net, LIGHTHASSLES.COM, DIETHASSLES.LIVE.COM, FASTHASSLES.COM, EASYDIETHASSLES.COM, and REGIMEHASSLES.COM.

Again, GoDaddy makes suggestions for additional related domains and extensions. You can skip over these, unless you see a domain name you prefer.

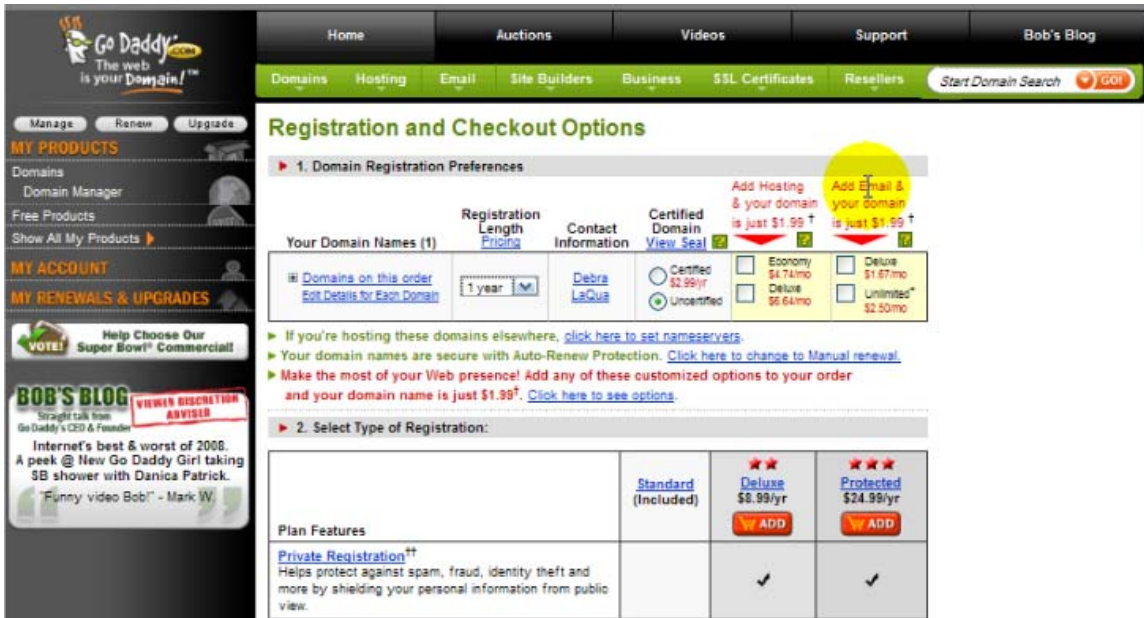

Scroll down to the bottom of the page and click 'Proceed to Checkout.'

The screenshot shows the bottom of the GoDaddy page. At the top, there are two domain suggestions: DIETHASSLESSHOP.COM and BESTDIETHASSLES.COM. Below them is a search bar with 'Add Another Domain' and a dropdown menu set to '.com'. A yellow circle highlights the 'Proceed to Checkout' button. Below the search bar, there are two buttons: 'Shop for More Products' and 'Proceed to Checkout'. At the bottom, there's a footer with 'FREE Extras' and links for 'Check out our low prices', 'Domain Services', 'Domain FAQs', 'Support', and 'Legal'.

GoDaddy may try to sell you more options and bells and whistles. Scroll to the center of the page and find the text that reads 'No thanks. Continue to checkout...' and click the text link.

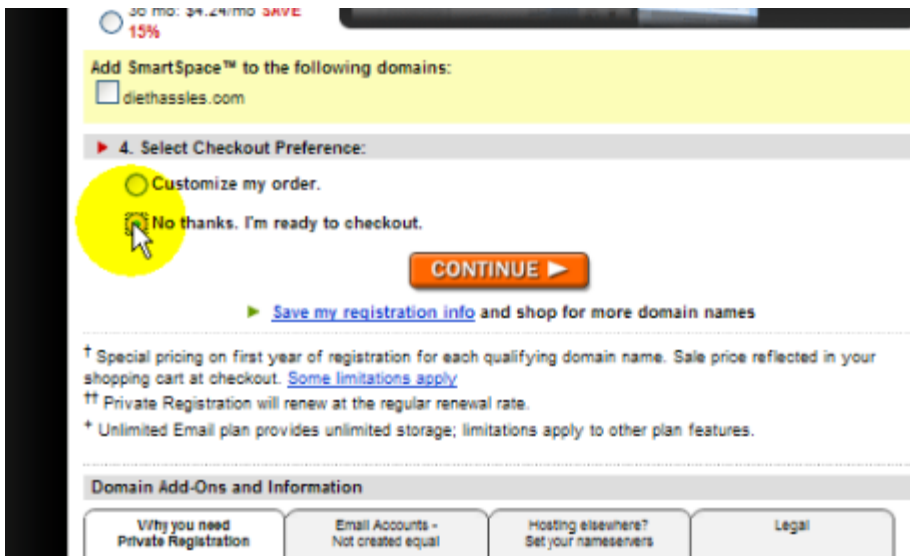

You will be taken to a screen that looks like the one below. You can choose the length of time you want your registration to run, between 1 to 5 years. I have selected 1 year. You can leave the Hosting and Email options unchecked, as we recommend HostGator for hosting.

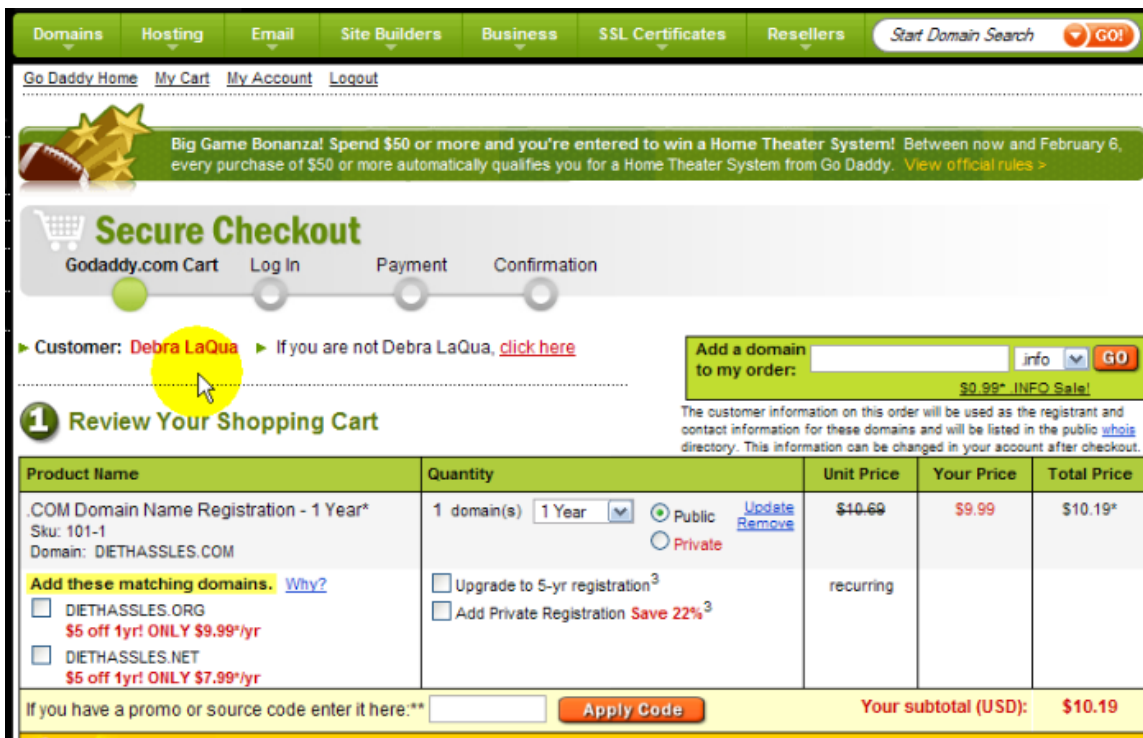

After you have set your Registration Preferences, scroll past the extras (you really don't need them) until you reach #4 – Select Checkout Preference. Scroll down the page to #4. 'Select Checkout Preference.'

Click the 'No Thanks. I'm ready to checkout.' Button and click 'Continue'

When you click 'Continue,' you will be taken to a page that lets you review your order. Make sure everything is correct. You will see the charges that you will be billed.

Scroll down this page to the section that lets you choose to use a credit card or PayPal. If you choose a PayPal option, you will be taken to the PayPal login page.

For this example, I'm using a credit card.

Select your payment options, read through the Domain Registration Agreement and Universal Terms of Service and check both boxes in #3 if you agree. Click 'Checkout Now' to go to the final step.

Enter your Credit Card data in the blanks. Review the charges. If everything is correct, click 'Checkout Now' and your order will be processed. When it is complete, you will be taken to an order confirmation page. You will also receive an email from GoDaddy at the email you entered below confirming your purchase. In that email is the information you will need to connect your new Domain Name to your hosting account (DNS numbers) so keep this email in a safe and accessible place.
